„Cinema of Tomorrow” 12th International Conference of Film Students and Film-makers 24.11.-30.11.2002

Dear students, dear film-makers,

„Cinema of Tomorrow” is the motto of the 12th International Conference within the 16th Days of Independent Film.

The goal of the Conference is to draw the unbiased attention of the audience, the film- experts and the press to the work of the young film-makers.

Explosive questions should lead to interesting discussions.

The exchange of experiences about making film from the first idea to the end of the production should help and encourage.

The Conference is also a great opportunity to establish contacts for the future.

In order to take part in the 12th International Conference of young students and film-makers you have to submit your own film and attend the work-shops.

The work-shops consist of lecturers and seminar papers in the morning and in the afternoon.

In the evening your films will be shown in one of the festival cinemas.

If you are interested, please send the enclosed application form till the 12th November 2002 to the festival office. The number of participants is limited. You will discover the application form on our homepage www.filmfest-augsburg.de. From the 01.11.2002 you will find further information about the festival etc. on our homepage.

Your Filmfestteam
